

Westhill HS Parking Policy

To: All Swimmers and Parents

From: Rick Lewis and Kurt Bittel

Effective immediately, all swimmers and parents must enter the building from the front of Westhill High School. You should walk into the courtyard to the back right hand corner, enter the building, go down one flight of stairs to the pool lobby and enter the pool from inside.

If dropping off only, there is a side entrance to the pool across from the track at the handicap parking. Stairs go down to the pool in between the new gym and old gym. We will post a sign.

This is a school administration decision. The reason for this is safety. With the spring sports having contests on the fields the rear parking lot can become a zoo. We do not want anyone to get hurt!

Both doors at the loading dock will be locked (no admittance) and a security guard will be in the area to direct you to the right place.

Sorry for any inconvenience.
